

Take control with RHA Smart Safety

RHA Smart Safety is a new and innovative way for companies to manage their health and safety responsibilities. Access to your own consultant is included and technical support is also available.

Ongoing support from your RHA Training Manager will continue: RHA Training will carry out your initial risk assessment. Advice and help from the RHA Helpdesk also remains at your disposal.

RHA Smart Safety is an easy to use online system, compatible with all operating systems. It has the tools and resources to complete specific tasks that are identified in your initial risk assessment.

Take a step forward today and contact RHA Training on **01733 261456** or email training@rha.uk.net. Alternatively, visit www.rha.uk.net/training for prices*

* 12 months minimum contract applies. Ask for full terms.
