

RHA NATIONAL TRAINING CONFERENCE

Wednesday 27 June

10.30 - 15.45

National Motorcycle Museum, Birmingham

Continued professional development is an essential element of a successful Trainers' progress.

This conference will provide an excellent opportunity for Trainers to acquire knowledge of trends and developments

Aims & Objectives

There is currently no national venue for Trainers within the Transport industry to gather and hear the latest news and views on related topics. We aim to fill that gap.

2012 is the year that DCPC "comes of age". After all the gossip and guesswork, those who have been delaying involvement are now waking up to the reality that this is an ongoing requirement.

This year presents an unequalled opportunity for the Training sector to build on it's successes

Much has been written about the few "rotten apples" that have latched on to the latest Training requirements, but very little has been publicised about the many successes.

The conference will accentuate the positives gained and discuss ways to achieve continued improvement.

The conference will provide an excellent opportunity for Trainers to acquire further knowledge of trends and developments.

Steve Ellis
Head of RHA Training
