Join a purpose-driven organisation at the heart of the UK's transport industry.

Road Haulage Association (RHA) is a member-led trade association supporting over 8,500 businesses operating HGVs, coaches and vans. With a team of around 110 employees, we're committed to making a positive impact through expert support, industry-leading training and influential campaigning that helps shape the future of road transport.

This role plays an important part in ensuring our warehouse runs smoothly, helping to pick, pack and dispatch orders, receive and store stock, and maintain a safe, organised working environment.

This is an excellent opportunity for someone looking to gain valuable hands-on experience in a warehouse environment. Whether you're starting your career, returning to work, or looking to develop practical skills in logistics and warehousing, we'd love to hear from you.

Some of your day-to-day responsibilities will include:

-  **Stock Management:** You'll help keep our warehouse running smoothly by accurately picking and packing customer orders, receiving and storing stock, and supporting stock control to ensure inventory is well organised and up to date.
-  **Deliveries:** You'll prepare customer orders for dispatch, ensuring they are securely packaged, and support the safe loading and unloading of delivery vehicles.
-  **Warehouse Operations:** You'll help maintain a clean, safe and well-organised warehouse, carrying out a variety of general warehouse duties.

What we're looking for:

As an entry-level role, previous warehouse experience is helpful but not essential. We're looking for someone with a positive attitude, a willingness to learn, and a strong work ethic. Basic literacy and numeracy skills are essential, along with a strong commitment to health and safety standards and the ability to undertake manual handling duties due to the nature of the role. In return, we'll provide training and support to help you build your confidence and develop the skills needed to succeed in the role.
