

15 February 2021

Dear Sir/Madam,

**Important Reminder – New Documentation Requirements Starting Soon To Move Prohibited and Restricted (P&R) Goods from Great Britain (GB) to Northern Ireland (NI)**

Following our communications dated 21 and 28 January 2021, we are writing to remind you that if you are moving permitted chilled meats to Northern Ireland, P&R Export Health Certificates (EHCs) will be required from and including 22 February 2021.

The P&R Attestations (compliance declarations) you have been using to move these goods will no longer be valid if the P&R goods are entering Northern Ireland from 22 February 2021.

DEFRA has provided further guidance [here](#) to help you prepare.

For the latest information on EU Exit visit [www.daera-ni.gov.uk/euexit](http://www.daera-ni.gov.uk/euexit)

You can also keep up to date with new content published online by following DAERA on [Twitter](#) and [Facebook](#) or signing up to our text service. To receive free text alerts, simply text **DAERAEUExitNews** to 67300.

Kind regards
